

Harrison College Ltd

Safeguarding and Student Protection Policy

We all have a statutory duty to “safeguard and promote the welfare of students”.

If you have any concerns about the health and safety of a student at this college or feel that something may be troubling them, you should share this information with an appropriate member of staff straight away.

Some issues e.g. a student’s appearance, hygiene, general behaviour, can be shared with any teacher or member of support staff in this setting. Do not worry that you may be reporting small matters – we would rather that you tell us things which turn out to be small than miss a worrying situation.

However, if you think the matter is very serious and may be related to a student protection concern, e.g. physical, sexual, emotional abuse or neglect, you must talk to one of the people below immediately. If you are unable to contact them, you can ask the college office staff to find them and ask them to speak to you straight away about a confidential and urgent matter.

**Designated Safeguarding Officer: Gemma Peebles Principal 07921 657028
Gail Stonier Director 01302 540495**

Any allegation or disclosure involving someone who works with students in a paid or voluntary capacity must be reported directly to the Principal unless it involves them. Then it should be reported directly to the Chair of Governors.

If it involves them, it should go direct to the Local Authority Designated Officer. If in any doubt refer to the DSCB Policies and Procedures and contact the LADO.

1. Introduction

1.1 Safeguarding Definitions: Safeguarding and promoting the welfare of students is defined for the purposes of this policy as:

Protecting students from maltreatment

- Preventing impairment of student’s health or development
- Ensuring that students develop in circumstances consistent with the provision of safe and effective care, and
- Taking action to enable all students to have the best outcomes
(Working Together to Safeguard Children Aug 2018 HM Government)

1.2 Safeguarding is not just about protecting students from deliberate harm. It relates to aspects of college life including:

Students’ health and safety

- The use of reasonable force
- Meeting the needs of students with medical conditions
- Providing first aid
- Educational visits
- Intimate care
- Internet or e-safety
- Appropriate arrangements to ensure college security, taking into account the local context.

1.3 It can involve a range of potential issues such as:

- Bullying, including cyber bullying (by text message, on social networking sites, and so on) and prejudice-based bullying.
- Racist, disability, and homophobic or transphobic abuse
- Radicalisation and extremist behaviour

- Student sexual exploitation
- Sexting, sexual violence and/or sexual harassment
- Upskirting
- Substance misuse
- Issues that may be specific to local area or population, for example gang activity and youth violence
- Particular issues affecting students including domestic violence, sexual exploitation, female genital mutilation and forced marriage

2. Aims & Scope of Policy

- 2.1 This policy has been developed in accordance with the principles established by the Children Act 1989 and 2004, The Education Act 2002 and Working Together to Safeguard Children 2018. This policy reflects the statutory requirements within Keeping Children Safe in Education 2020 (KCSIE 2020).
- 2.2 In Doncaster this policy compliments the Doncaster Safeguarding Children Board – South Yorkshire Student Protection Procedures. The DSCB local safeguarding/student protection procedures **must** be followed in all cases. Colleges must not create separate or own policies. See <http://doncasterscb.proceduresonline.com/>
- 2.3 This policy also shows our commitment to support the statutory guidance from the Department for Education on the application of the Childcare (Disqualification) Regulations 2009 and related obligations under the Childcare Act 2006 in colleges. Colleges and local authorities must have regard to it when carrying out their duties to safeguard and promote the welfare of children under section 175 of the Education Act 2002, paragraph 7(b) of Schedule 1 to the Education (Independent College Standards) Regulations 2014 and paragraph 3 of the Schedule to the Education (Non-Maintained Special Colleges)(England) Regulations 2011.
- 2.4 Harrison College recognises the responsibility it has under Section 175 of the Education and Inspections Act 2006, to have arrangements for safeguarding and promoting the welfare of students. This policy demonstrates the college’s commitment and compliance with safeguarding legislation.
- 2.5 Through their day-to-day contact with students and direct work with families, staff at the college have a crucial role to play in noticing indicators of possible abuse or neglect and referring them to The Doncaster Children’s Trust Referral and Response Service. This also involves understanding serious case reviews and how to improve practice to prevent students from falling through the gaps.

3. Purpose

- 3.1 The purpose of the policy is to ensure that safeguarding is everyone’s responsibility.
- 3.2 The welfare of the student is paramount.
- 3.3 All students regardless of age, gender, ability, culture, race, language, religion or sexual identity have equal rights to protection.
- 3.4 Everyone who works with students has a responsibility to keep them safe (Working Together 2018).

- 3.5 All staff have an equal responsibility to act on suspicion or disclosure that may suggest a student is at risk of harm, any professional with concerns about a student's welfare should make a referral to the Doncaster Children's Trust, and professionals should follow up their concerns if they are not satisfied with the response. (Working Together 2018).
- 3.6 Students and staff involved in Safeguarding issues receive appropriate support and training outlined in KCSIE Sep 2020.
- 3.7 Staff adhere to a Code of Conduct and understand what to do if a student discloses any allegations against teaching staff or directors.
- 3.8 To develop and promote effective working relationships with other agencies, especially the police and social care.
- 3.9 To ensure all staff have been recruited safely and a single central record is kept, satisfactory DBS checks are made in accordance with guidance. Any gaps in personnel files are noted and reasonable steps are taken to rectify with on-going supervision (see DMBC update – Annex 1).
- 3.10 All staff have been issued with Part 1 of the KCSIE 2020 document.

We have a safe college with confident staff, confident parent/carers and confident students who know how to recognise and report safeguarding concerns. All staff understand the categories of abuse, can recognise indicators and know how and when to record, and whom to report all safeguarding concerns to.

4. Terminology

- 4.1 **Designated Safeguarding Lead (DSL)** previously known as designated safeguarding officer or designated safeguarding tutor. The named person for safeguarding in education establishments.
- 4.2 **LADO** – Local Authority Designated Officer – Deals with any allegation against any member of staff in a public setting.
- 4.3 **Safeguarding** and promoting the welfare of students refers to the process of protecting students from abuse or neglect, which prevents the improvement of health and development, ensuring that students grow up in circumstances consistent with the provision of safe and effective care and undertaking that role so as to enable those students to have optimum life chances and to enter adulthood successfully.
- 4.4 **Student Protection** refers to the process undertaken to protect students who have been identified as suffering or being at risk of suffering significant harm.
- 4.5 **Staff** refers to all those working for or on behalf of the college in either a paid or voluntary capacity.
- 4.6 **Student** refers to all young people in our care.
- 4.7 **Parent** refers to birth parents and other adults who are in a parenting role – stepparents, foster parents, carers and adoptive parents.

There are 4 main elements to the Policy:

- **Prevention** – through the curriculum and pastoral support offered to students and through the creation and maintenance of a whole college protective ethos.
- **Procedures** – for identifying and reporting cases, or suspected cases of abuse.
- **Support to Students** – who may have been abused, including early preventative work.
- **Preventing unsuitable people working with students** – by following the Department for Education (DfE) KCSIE 2015 / 2016 statutory guidance – Part three: Safer Recruitment. We also follow local DSCB and HR procedures.

5. Prevention

5.1 The College will establish an ethos where:

- Students feel secure.
- Ensure students know that there are adults in the College who they can approach if worried or in difficulty.
- Include in the curriculum opportunities for PSHCE/SMSC/RSE to equip students with the skills needed to stay safe. This includes our PREVENT duty.
<http://intranet.doncaster.gov.uk/directorates/adults-health-wellbeing/preventing-people-being-drawn-into-extremism>
- Include in the curriculum material which will help students develop realistic attitudes to their responsibilities in adult life.
- It will work in accordance with ‘Working Together to Safeguard Children 2018’ and will support the ‘Doncaster Early Help Offer’.
http://doncasterscb.proceduresonline.com/search/search.html?zoom_sort=0&zoom_query=early+help&zoom_per_page=10&zoom_and=0
to ensure students receive the most appropriate referral and access provision.
- It will deliver the approved DSCB whole college safeguarding training and ensure all designated safeguarding officers, deputy safeguarding person and designated safeguarding director attend three out of four annual network meetings and/or attend refresher Designated Safeguarding Person (DSP) training on a two-yearly basis.
- We will work collaboratively and with our early help co-ordinators to improve outcomes for students.
- We keep our safeguarding training up to date and access DSCB training events on a regular basis and understand the safeguarding requirements for Ofsted.
- Parents, carers and families, teachers, staff, students and agencies know how to raise any safeguarding concerns and we have a named designated/deputy safeguarding lead on our senior leadership team.
- We have a clear complaints policy and all staff are aware of whistleblowing procedures.

7. Roles and Responsibilities

7.1 The College will ensure that every member of staff and person working on behalf of the College:

- Understands part 1 of KCSIE 2020 and Working Together 2018, including the mandatory reporting duty.
- Knows the name of the designated person and his/her role and responsibility.
- Have an individual responsibility to refer Safeguarding (Student Protection) concerns.
- Will receive training at the point of induction so that they know:
 - Their personal responsibility/code of conduct/teaching standards
 - DSCB student protection procedures and know how to access them
 - Understand the definitions of abuse, physical abuse, emotional abuse, sexual abuse and neglect
 - The need to be vigilant in identifying cases of abuse at the earliest opportunity
 - How to support and respond to a student who discloses significant harm
 - How to implement the guidance concerning Sexual Violence and/or harassment
 - And the further guidance contained in https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/719902/Sexual_violence_and_sexual_harassment_between_children_in_schools_and_colleges.pdf
- Knows their duty concerning unsafe practices in regard to students by a colleague.
- The designated person will disclose any information about a student to other members of staff on a need to know basis.
- The College will undertake appropriate discussions with parents prior to involvement with other agencies unless the circumstances preclude this.

- The College will ensure that parents have an understanding of their obligations regarding Student Protection by using intervention as and when appropriate.
- Understand Ofsted grade descriptors in relation to personal development, behaviour and welfare of students.
- Monitors internet usage in accordance with PREVENT/KCSIE and knows how to recognise and respond to inappropriate internet use.

7.2 **Conversations with a student who discloses abuse should follow the basic principles:**

- listen rather than directly question, remain calm.
- where possible replies/narrative offered by student should be recorded verbatim
- obtain detail of first-person student disclosed to.
- never stop a student who is recalling significant events.
- make a record of discussion to include time, place, persons present and what was said (student language – do not substitute words).
- advise you will have to pass the information on.
- avoid coaching/prompting.
- **never take photographs or videos of any injury**
- allow time and provide a safe haven/quiet area for future support meetings.
- share all concerns no matter how trivial they may seem to the DSL lead who will notify and follow up with the referral and response service any significant concerns immediately, without delay (do not wait for 24 hours) in writing.
- For students with CP plans where new information is shared by the young person, the DSL will ensure information is shared with the social worker and not withheld until core/review meetings take place.

8. Record Keeping

8.1 The College follows the record keeping guidelines taken from Sections 1 – Student Protection and Section 4 – Student Records. The DSL is aware the Local Authority's records are kept for 75 years from date of closure so if any information that is held within the College that came from the LA could be destroyed once the student has left the College. However, any records created by the college could apply the above retention period(s) to their documents, so the whole student file could go to the secondary college whilst the primary College should keep a copy of the student protection element for the prescribed timescale.

8.2 Records and Monitoring

- 8.2.1 Any concerns about a student will be recorded in writing within 24 hours. All records will provide a factual and evidence-based account and there will be accurate recording of any actions. Records will be signed, dated and, where appropriate, witnessed.
- 8.2.2 At no time should an individual teacher/member of staff or college be asked to or consider taking photographic evidence of any injuries or marks to a student's person, this type of behaviour could lead to the staff member being taken into managing allegations procedures.
- 8.2.3 A chronology will be kept in the main college file prior to the commencement of a concern file. Staff, particularly pastoral staff, will record any minor concerns on the chronology and will take responsibility for alerting the designated person should the number of concerns rise or, in their professional judgement, become significant.
- 8.2.4 At the point at which a concern file (see below) is commenced then the chronology can be transferred to the concern file.

8.2.5 Safeguarding, student protection and welfare concerns will be recorded and kept in a separate, secure 'concern' file. Some colleges still refer to this as a student protection file, which will be securely stored and away from the main student file. The main student file should have a red C in the top right-hand corner to denote a separate file exists (or a similar and consistent coding).

8.2.6 Files will be available for external scrutiny for example by a regulatory agency or because of a serious case review or audit.

8.3 Why recording is important

8.3.1 The DSL will share all safeguarding information with any transfer/receiving college without delay.

8.3.2 Our staff will be encouraged to understand why it is important that recording is comprehensive and accurate and what the messages from serious case reviews are in terms of recording and sharing information.

9. In-College procedures for protecting students

9.1 All staff will:

- Be alert to signs and indicators of possible abuse. (Ref: Appendix 1 for current definitions of abuse and examples of harm).
- Be involved in on-going monitoring and recording to support the implementation of individual education programmes and interagency student protection and student support plans.
- Be prepared to identify students who may benefit from Early Help.
- Be subject to Safer Recruitment processes and checks whether they are new staff, supply staff, contractors, directors, volunteers etc.
- Will be expected to behave in accordance with Guidance for Safer Working Practice for those Working with Children and Young People in Education settings.

9.2 Responsibilities of the Designated Safeguarding Lead/Officer (see also KCSIE Job description for the DSL)

- Our named DSL from our senior leadership team with lead responsibility and management oversight/accountability for student protection is Gemma Peebles. This is also our SPOC.
- The DSL must ensure that all staff involved in direct case work of vulnerable students, where there are student protection concerns/issues; have access to regular safeguarding supervision.
- Where the College has concerns about a student, the DSL will act as a source of support, advice and expertise to staff on matters of safety and safeguarding, and when deciding whether to make a referral by liaising with relevant agencies.
- The DSL is responsible for referring all cases of suspected abuse to the one front Door Doncaster Children Services Trust Referral and Response Team. KCSiE (DfE 2018) states that anyone in the College setting can make a referral. If this is the case the DSL should be informed as soon as possible, that a referral has been made. Wherever possible referrals to R&R should be done by appropriately trained designated safeguarding staff.
- The DSL will liaise with the Chair of Directors to inform her of issues, especially ongoing enquiries under section 47 of the Children Act 1989 and police investigations.
- Student Protection information will be dealt with in a confidential manner. A written record will be made of what information has been shared with who and when. Staff will be informed of relevant details only when the DSL feels their having knowledge

of a situation will improve their ability to meet the needs of an individual student and /or family.

- Once a student protection cause for concern form has been passed to the DSL, they should start a separate student protection file for the student where the form is stored.
- A separate student protection file must be created regardless of whether formal student protection procedures have been initiated. For some students, this single record will be the only concern held for them over their time in the establishment. For others, further information may well be accumulated, often from a variety of sources, over time.
- Designated staff must keep detailed, accurate, secure written records of concerns and referrals, which clearly reflect the wishes and feelings of the student.
- If concerns relate to more than one student from the same family at the establishment, a separate file for each student should be created and cross-referenced to the files of other family members. Common records, e.g. student protection conference notes, should be duplicated for each file.
- Student Protection records will be stored securely in a central place separate from academic records. Individual files will be kept for each student; College will not keep family files. Original files will be kept for at least the period during which the student is attending the College, and beyond that in line with current data legislation.
- Access to these files by staff other than the designated staff will be restricted, and a written record will be kept of who has had access to them and when.
- Designated staff must understand the assessment process for providing Early Help and Intervention, for example through locally agreed common and shared assessment processes such as early help assessments.
- Designated staff must have a working knowledge of how local authorities conduct a student protection case conference and a student protection review conference and be able to attend and contribute to these effectively when required to do so.
- Designated staff must ensure all adults (as appropriate) including each member of staff, trainee and volunteer has access to and understands the College's student protection policy and procedures, including new and part time staff.
- Designated staff must be alert to the specific needs of students in need, those with special educational needs and young carers.
- Designated staff must obtain access to resources and attend any relevant or refresher training courses.
- Designated staff must encourage a culture of listening to students amongst all staff.
- Designated staff must highlight the importance of demonstrating student's wishes and feelings to all staff and that these are clearly evidenced.

9.3 Raising Awareness

- The DSL should ensure the college policies are known and used appropriately.
- Ensure the College's student protection policy is reviewed annually, and the procedures and their implementation are updated and reviewed regularly, and work with the board of directors regarding this.
- Ensure the student protection policy is on the College's website, available publicly and parents are aware of the fact that referrals about suspected abuse or neglect may be made and the role of the College in this.
- Link with the local authority and DSCB/DSAB to make sure staff are aware of training opportunities and the latest local policies on safeguarding.
- Student protection records should be held securely, with access being restricted to the DSL or Principal. The following information must be kept securely with restricted

access, whether paper or electronic:

- Chronology
 - All completed student protection cause for concern forms
 - Any student protection information received from the student's previous educational establishment
 - Records of discussions, telephone calls and meetings with colleagues and other agencies or services
 - Professional consultations
 - Letters sent and received relating to student protection matters
 - Referral forms sent to CSWS other external agencies or education- based services.
 - Minutes or notes of meetings, e.g. student protection conferences, core group meetings, etc., copied to the file of each student in the family, as appropriate
 - Formal plans for or linked to the student, e.g. student protection plans, Early Help (previously known as CAF's), risk assessments etc.
 - A copy of the support plan for the young person
- Each student protection file should contain a chronological summary of significant events and the actions and involvement of the College.
 - Where students leave, the college will ensure that the student protection file is transferred securely and separately from the main student file to the receiving college/educational establishment (where this is known), within 15 college days. This is a legal requirement set out under regulation 9 (3) of 'The Education (Student Information – England) Regulations 2005. A copy of the chronology must be retained for audit purposes.
 - The College does keep copies of the student protection file and the chronology summary. The College sends the originals and requests a receipt of Handover
 - Where the student has not attended the nominated college (the original file should be retained by the College).
 - If there is any on-going legal action (the original file should be retained by the College and a copy sent).
 - Student records should be transferred in a secure manner, for example, by hand. When hand-delivering student records, a list of the names of those students whose records are being transferred and the name of the college they are being transferred to must be made and a signature obtained from the receiving college as proof of receipt.
 - If a student moves from our college, student protection records will be forwarded onto the named DSL at the new college, with due regard to their confidential nature. Good practice suggests that this should always be done with a face to face handover and a signed receipt of file transfer obtained for audit purposes by the delivering college.
 - If sending by post, student records should be sent, "Special Delivery". A note of the special delivery number should also be made to enable the records to be tracked and traced via Royal Mail.
 - For audit purposes a note of all student records transferred or received should be kept in either paper or electronic format. This will include the student's name, date of birth, where and to whom the records have been sent, and the date sent and/or received. A copy of the student protection chronology sheet will also be retained for audit purposes.
 - If a student is permanently excluded and moves to an alternative or specialist provision, student protection records will be forwarded onto the relevant organisation in accordance with the 'The Education (Student Information – England) Regulations 2005, following the above procedure for delivery of the records.

- If a parent chooses to electively home educate (EHE) their student, the student protection record must be forwarded to the appropriate LA person, following the above procedure for delivery of the records
- When a DSL member of staff resigns their post or no longer has student protection responsibility, there should be a full face to face handover/exchange of information with the new post holder.
- In exceptional circumstances when a face to face handover is unfeasible, it is the responsibility of the head teacher to ensure that the new post holder is fully conversant with all procedures and case files.
- All DSL's receiving current (live) files or closed files must keep all contents enclosed and not remove any material.

9.4 Archiving

9.4.1 Responsibility for the student record once the student leaves the College:

- The College that the student attended until statutory college leaving age (or the College where the student completed sixth form studies) is responsible for retaining the student protection record. The recommended retention period is 35 years from closure when there has been a referral to DCST. If no referral has been made to DCST, the student protection record should be retained until the student's 25th birthday. The decision of how and where to store these files must be made by the College via the Board of Directors. Due to sensitivity of the information, the records should continue to be held in a secure area with limited access e.g. designated officer or Principal.

9.5 Student's and parents' access to student protection files

9.5.1 Under the GDPR, a student or their nominated representative has the legal right to request access to information relating to them. This is known as a subject access request. Therefore, it is important to remember that all information should be accurately recorded, objective in nature and expressed in a professional manner.

9.5.2 Any student who has a student protection file has a right to request access to it. In addition, the Education (Student Information) (England) Regulations 2005 give parents the right to see their student's college records. However, neither the student nor the parent has an automatic right to see all the information held in student protection records. Information can be withheld if disclosure:

- could cause serious harm or is likely to cause serious harm to
- the physical or mental health or condition of the student or another person; or
- could reveal that the student or another person has been a subject of or may be at risk of student abuse, and the disclosure is not in the best interests of the student;
- or is likely to prejudice an on-going criminal investigation; or
- The information about the student also relates to another person who could be identified from it or the information has been given by another person who could be identified as the source, unless the person has consented to the disclosure or the person providing the information is an employee of the establishment or the Local Authority.
- Where domestic violence is an identified issue or may be a contributory factor right of access to information must be suspended until the investigation is completed and the risk of further harm posed to the student or young person is established.

Domestic Violence concerns can be addressed by contacting the Doncaster Domestic Abuse Team on: **0800 4701 505**

Information and help can be found at:

<https://www.doncasterdomesticabuse.co.uk/>

- 9.5.3 It is best practice to make reports available to the student or their parents unless the exceptions described above apply. If an application is made to see the whole record, advice should be sought
- 9.5.4 The establishment's report to the student protection conference should be shared with the student, if old enough and parent at least two days before the conference.
- 9.6 Safe Destruction of the student record**
- 9.6.1 Where records have been identified for destruction they should be disposed of securely at the end of the academic year (or as soon as practical before that time). Records which have been identified for destruction should be confidentially destroyed. This is because they will either contain personal or sensitive information, which is subject to the requirements of the Data Protection Act 2018 or they will contain information which is confidential to college or the Local Education Authority. Information should be shredded prior to disposal or confidential disposal can be arranged through private contractors. For audit purposes the college should maintain a list of records which have been destroyed and who authorised their destruction. This can be kept securely in either paper or an electronic format.

10. Information sharing

- 10.1 When there is a concern that a student is at risk of significant harm, all information held by the establishment must be shared with Social Care, police and health professionals. Section 47 of the Children Act 1989 and sections 10 and 11 of the Children Act 2004 empower all agencies to share information in these circumstances. If DSL's are in doubt, they should consult the DSCT front door R&R team on 01302 737777 – see also Section 8.
- 10.2 On occasions when safeguarding concerns exist for a student in the context of a family situation and siblings attend other educational establishments or the students are known to other agencies, it may be appropriate for the designated safeguarding staff to consult with, on a confidential basis, their counterpart from other establishments or other agencies to share and jointly consider concerns. If in any doubt about the appropriateness of this process, advice can be sought from the Safeguarding Team 01302 737777.
- 10.3 In accordance with section 29 of the Data Protection Act, the police are allowed access to college records in certain circumstances such as criminal investigations. If you have any queries regarding police access to any college records, please contact the Safeguarding Team for advice.
- 10.4 It is good practice to seek consent from the student or their parent before sharing information. Children over the age of 12 years are considered to have the capacity to give or withhold consent to share their information, unless there is evidence to the contrary; therefore, it is good practice to seek their views. If the young person is over 16, they should be involved in decision-making about information sharing, unless they do not have the capacity to give consent.
- 10.5 However, consent is not always a condition for sharing and sometimes we do not inform the student or family that their information will be shared, if doing so would:
- place a person (the student, family or another person) at risk of significant harm, if a student, or serious harm, if an adult; or

- prejudice the prevention, detection or prosecution of a crime; or
 - lead to unjustified delay in making enquiries about allegations of significant harm to a student or serious harm to an adult.
 - Consent should not be sought if the establishment is required to share information through a statutory duty, e.g. section 47 of the Children Act 1989 as discussed above, or court order.
- 10.6 Working with parents and other agencies to protect students
- 10.6.1 In general, we will discuss concerns with parents/carers before approaching other agencies and will seek consent/to inform parents/carers when making a referral to another agency. Appropriate staff will approach parents/carers after consultation with the DSL. The exception to this rule will be in situations where a member of staff has reasonable cause to believe that informing parents/carers of a referral to another agency may increase the risk of significant harm to the student.
- 10.6.2 Parents/carers are informed about our student protection policy through: College prospectus, website, newsletters etc. A safeguarding/student protection A4 statement is available to all students, parents, carers and staff.

11. Early Help Enquiry ‘One Front Door’

- 11.1 The Early Help enquiry through the One Front Door (EHOFD) has been established to improve communication, information sharing; and to support more effective delivery of services where there is a need for multi-agency response.
- 11.2 The EHOFD is a multi-disciplinary team with two main functions:
- Providing information, advice and guidance to professionals who have queries about students who made need a coordinated early help response.
 - Screening all early help enquires forms to ensure an appropriate level of response for the student and family.
- The team is available from 8.30am to 5.00pm, Monday to Friday, and telephone messages will be responded to within one working day. IAG Telephone: 01302 734110
Email: earlyhelphub@doncaster.gov.uk Or Earlyhelphub@gcsx.gov.uk
- 11.3 If you believe that an early help assessment (EHA) or single agency support is needed, contact the EHOFD to discuss your concerns. After discussing your concerns, if it is agreed this is a case for early help, you will be asked to complete an on-line enquiry form and email a consent form which you have agreed with the family.
- 11.4 The EHOFD will assess the case and inform you of the action required. This could be:
- If an EHA has already been completed or there is an existing TAC/F, you will be asked to share your information and join the TAC/F
 - Single agency response for a specific piece of work – Lead Practitioner identified
 - EHA required – lead practitioner identified
 - No further action
 - Escalation to Social Care if this case is already known to them or the information gathered during screening indicates escalation is required.
- 11.5 The EHOFD does not replace the existing ‘front door’ arrangements for student social care in Doncaster. If at any stage you have any concerns that a student is at risk of harm you must follow your agency’s safeguarding procedure and make a referral to Social Care Referral and Response Service on:
- Telephone:** 01302 737777 (available 8:30am – 5pm Monday to Friday)
Telephone: 01302 796000 (outside office hours)
- During this telephone call you will be asked to follow up by completing an online referral form the same day.

12. Multi-agency work

- 12.1 We work in partnership with other agencies in the best interests of students. Therefore, college will, where necessary, liaise with the college nurse and doctor, and Referral & Response. Requests for service to R&R should (wherever possible) be made, by the Safeguarding Designated Staff, to the R&R advice and duty team 01302 737777. Where a student already has a student protection social worker, the College will immediately contact the social worker involved or in their absence, the team manager of the student protection social worker.
- 12.2 We will co-operate with R&R in accordance with the requirements of the Children Act and allow access to student and student protection records for them to conduct section 17 or section 47 assessments.
- 12.3 The College will ensure representation at appropriate inter-agency meetings such as Initial and Review Student Protection Conferences, and Planning and Core Group meetings, as well as Family Support Meetings.
- 12.4 We will provide reports as required for these meetings. If College is unable to attend, a written report will be sent. The report will, wherever possible, be shared with parents / carers at least 24 hours prior to the meeting.
- 12.5 Where a student in college is subject to an inter-agency student protection plan or any multi-agency risk management plan college will contribute to the preparation, implementation and review of the plan as appropriate.

13. The Curriculum

- 13.1 Relevant issues will be addressed through the curriculum, including self-esteem, emotional literacy, assertiveness, power, sex and relationship education, online safety, online bullying, sexting, sexual violence and/ or sexual harassment, upskirting, student sexual exploitation (CSE), female genital mutilation (FGM), preventing radicalisation, peer on peer abuse and anti-bullying.
- 13.2 Relevant issues will be addressed through other areas of the curriculum.

14. Other areas of work

- 14.1 All our policies which address issues of power and potential harm, e.g. Anti- Bullying, Equal opportunities, Handling, Positive Behaviour, will be linked, to ensure a whole college approach.
- 14.2 Our student protection policy cannot be separated from the general ethos of the college, which should ensure that students are treated with respect and dignity, feel safe, and are listened to.

15. Our role in supporting students

- 15.1 We will offer appropriate support to individual students who have experienced abuse or who have abused others.
- 15.2 In cases where students have experienced abuse/abused others, an individual pastoral support plan will be devised, implemented and reviewed regularly should the student require additional pastoral support/intervention. This plan will detail areas of support, who will be involved (i.e. learning mentor, key worker) and the student's wishes and feelings. A written outline of the individual support plan will be kept in the student's protection record.

16. Students with additional needs (including LAC)

- 16.1 When the College is considering excluding, either fixed term or permanently, a vulnerable student and/or a student who is either subject to a S47 Student Protection plan or there are/have previously been student protection concerns, we will call a multi-agency risk-

assessment meeting prior to making the decision to exclude. In the event of a one-off serious incident resulting in an immediate decision to exclude, the risk assessment must be completed prior to convening a meeting of the Board of Directors.

17. Part time provision / timetables

17.1 The Local Authority has issued guidance to all colleges on student entitlement to a full-time education. For safeguarding reasons, we expect all students to be in receipt of a full-time education. There are rare and exceptional circumstances where it may be necessary for a student to be placed on a part-time timetable for a limited period. The statutory guidance says:

“In very exceptional circumstances there may be a need for a temporary part-time timetable to meet a student’s individual need. For example, where a medical condition prevents a student from attending full-time education and a part time package is considered as part of a reintegration package. A part-time timetable must not be treated as a long-term solution. Any pastoral support programme or other agreement must have a time-limit by which point the student is expected to attend full-time or be provided with alternative provision. (p14, College Attendance, DfE)”

17.2 Part-time timetables may be used in circumstances such as:

- Where a student has a short-term medical condition that prevents full-time attendance for a time limited period
- As part of a staged reintegration following an extended period of absence.
- When there are behavioural difficulties and the college is trying a part-time timetable as an intervention to avoid permanent exclusion.

We expect that when any part-time arrangement is made that the College informs the local authority using the reporting form which is included in the guidance.

18. The Concerns File

18.1 The establishment of a ‘concerns’ file, which is separate from the student’s main College file, is an important principle in terms of storing and collating information about students which relates to either a student protection or safeguarding concern or an accumulation of concerns about a student’s welfare which are outside of the usual range of concerns which relate to ordinary life events. It needs to be borne in mind that what constitutes a ‘concern’ for one student may not be a ‘concern’ for another and the student’s circumstances and needs will differ. A student subject to a student protection plan, looked after student, CiN may be looked at differently to a student recently bereaved, parental health issue etc. Professional judgement will therefore be a crucial factor when making this decision and will need clear links between pastoral staff and designated safeguarding leads in college (named designated person).

18.2 A ‘concern’ or ‘confidential’ file should be commenced in the event of:

- A referral to DSCT R&R (unless EHA system is updated) provided to support the referral.
- Several minor concerns on the student’s main College file
- Any student open to social care.

18.3 Electronic systems are better, and in all cases EHA is recommended and all DSLs need to maintain, share and update any concerns. This must be updated and monitored to ensure any new risk identified is followed up immediately, especially when risks have been previously identified.

- It is suggested that within a student’s ‘concern’ file there is:

- A front sheet
- A chronology
- A record of concern in more detail and body map, where appropriate
- A record of concerns and issues shared by others.
- The College will keep written records of concern about students even where there is no need to refer the matter to MASH/ Trust Referral and Response Service (or similar) immediately but these records will be kept within the separate concerns file.
- Records will be kept up to date and reviewed regularly by the Senior Designated Person to evidence and support actions taken by staff in discharging their safeguarding arrangements. Original notes will be retained (but clearly identified as such) as this is a contemporaneous account; they may be important in any criminal proceedings arising from current or historical allegations of abuse or neglect.
- The concern file can be active or non-active in terms of monitoring i.e. a student is no longer LAC, subject to a student protection plan or EHAF and this level of activity can be recorded on the front sheet as a start and end date. If future concerns then arise it can be re-activated and indicated as such on the front sheet and on the chronology as additional information arises.
- If the student moves to another college, the concern file will be sent or taken, as part of the admission/transition arrangements, to the Senior Designated Person at the new establishment/college. There will be a timely liaison between each college Senior Designated Person for Safeguarding to ensure a smooth and safe transition for the student.

19. Recording Practice

- 19.1 Timely and accurate recording will take place when there are any issues regarding a student. A recording of each episode/incident/concern/activity regarding that student, including telephone calls to other professionals, needs to be recorded on the chronology kept within the confidential file for that student. This will include any contact from other agencies who may wish to discuss concerns relating to a student. Actions will be agreed, and roles and responsibility of each agency will be clarified, and outcomes recorded. The chronology will be brief and log activity; the full recording will be on the record of concern. All recording takes place on CPOMs.
- 19.2 More detailed recording on the record of concern will be signed and dated and include an analysis, taking account of the holistic needs of the student, and any historical information held on the student's file. Support and advice will be sought from social care, or early help whenever necessary. In this way a picture can emerge, and this will assist in promoting an evidence-based assessment and determining any action(s) that need to be taken. This may include no further action, whether an early help co-coordinator advice should be sought or whether a referral should be made to MASH/ Trust Referral and Response Service in line with the early help model.
- 19.3 Such robust practice across student protection and in safeguarding and promoting the welfare of students will assist the college in the early identification of any concerns which may prevent future harm.
- 19.4 The Senior Designated Person will have a systematic means of monitoring students known or thought to be at risk of harm (through the concern file and through an on-going dialogue with pastoral staff). They will ensure that we contribute to assessments of need and support multi-agency plans for those students.
- 19.5 Any concerns are shared and where CP Plans are in place the social worker is informed of any new information immediately. All referrals to the R&R service are followed up in writing within 24 hours. The DSL has an equal responsibility to follow up referrals and keep in touch with social care teams on the support/outcomes from any S17/47 referral.

20. The Designated Safeguarding Lead

20.1 Responsible for:

- Referring a student if there are concerns about possible abuse, to the Doncaster Trust Referral and Response Service Professional advice lines and acting as a focal point for staff to discuss concerns.
- Referrals should be made in writing, following a telephone call using the Doncaster Trust referral and Response Service referral form or the CSE referral form depending on the nature of the referral.
- Keeping written records of concerns about a student even if there is no need to make an immediate referral.
- Having a clear job description (Annex B KCSIE) and time to attend statutory meetings and regular training / network meetings (in line with KCSIE 2018 proposals for annual training)
- Ensuring that all such records are kept confidentially and securely and are **separate** from student records, until the student's 25th birthday, and are copied on to the student's next college.
- Ensuring that an indication of the existence of the additional file is marked on the student records.
- Liaising with other agencies and professionals/accessing local networks.
- Ensuring that either they or the staff member attend case conferences, core groups, or other multi-agency planning meetings, contribute to assessments, and provide a report which has been shared with parents/carers.
- Ensuring that any student with a student protection plan who is absent in the educational setting without explanation is referred to their key worker's Social Care Team.
- Organising student protection / safeguarding induction for all new staff, and updating whole college training every 3 years (or on a regular basis via staff meetings). All DSLs attend training every 2 years or attend the designated safeguarding network meetings/DSCB lunchtime seminars on a regular basis. 3 out of 4 meetings a year.
- Providing, with the Principal, an annual report for the governing body, detailing any changes to the policy and procedures; training undertaken by the DSL, and by all staff and directors; number and type of incidents/cases, and number of students on the student protection register (anonymised). This supports the S175 annual safeguarding report.
- Understand students in need / students on protection plans and support all looked after student PEPs.
- Providing information and audits to the DSCB when required.
- Attending local DCST / early help weekly trust meetings to discuss any cases/share knowledge and access any support in relation to safe practice.

21. Liaison with Other Agencies

21.1 The College will:

- Work to develop effective links with relevant agencies in relation to Safeguarding (Student Protection).
- Send representatives to case conferences, core groups and Student Protection review meetings.
- Notify any allocated Social Worker if:
 - A student subject to a Child Protection Plan (CPP) is excluded (fixed term or permanent);

- if there is an unexplained absence of a student on a CPP of more than 2 days or 1 day following a weekend, or as agreed as part of a CPP.
- Follow the LA policy and statutory guidance on Children Missing Education (CME).

22. Supporting Students at Risk

22.1 The college/setting will endeavour to support vulnerable students through:

- Its ethos which promotes a positive, supportive and secure environment and gives students a sense of being valued.
- Its behaviour policy aimed at supporting vulnerable students in college/setting. All staff will agree a consistent approach which focuses on the behaviour or the offence committed by the Student.
- Liaison with other appropriate agencies which support the student.
- Developing supportive relationships.
- Recognition that students living in difficult home environments are vulnerable and in need of support and protection.
- Monitoring student welfare, keeping accurate records and notifying appropriate agencies as and when necessary.
- Allowing designated staff opportunities to attend face to face DSCB multi-agency training, (sexual exploitation, domestic violence, drugs/alcohol substance misuse etc.).
- When a student on the Student Protection register transfers to another college/setting, information will be transferred safely and securely to the new college/setting immediately.
- Recognising, reporting and responding any behaviours consistent with radicalisation/extremist behaviours.
- Recognising, reporting and responding to any suspected FGM practice.
- The College acknowledges serious case review findings and shares lessons learned with all staff to ensure no student falls through the gap.
- The College knows how to identify and respond to the four main categories of abuse. All staff understand the main categories of abuse from the whole college training. Physical, Emotional, Sexual and Neglect.
- All staff are aware and understand of the definitions by reading https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/737606/Keeping_children_safe_in_education_part_1_Sept_2018.pdf.
- The College works with a variety of agencies and arranges opportunities for young people to discuss and understand a wide range of specific safeguarding issues.
- The designated safeguarding lead will cascade information to all staff in relation to specific safeguarding concerns listed in KCSIE – page 12.
- College/setting staff are aware of the DSCB Neglect policy and toolkit available from DSCB to help identify and recognise any student subject to neglect.

23. Early Help Enquiry ‘One Front Door’

23.1 **Early Hub contacts are:**

- Central:** chris.stacey@doncaster.gov.uk (on behalf of Emma McDonagh)
North: natasha.abbott@doncaster.gov.uk
East: christian.brownless@doncaster.gov.uk
South: lindsey.swain@doncaster.gov.uk

23.2 In addition to the Early Help Enquiry ‘One Front Door’ DSLs will also liaise with Early Help Coordinators to ensure early help assessments are supported, implemented and reviewed. The Early Help Coordinators will support TAF and Lead Professional roles.

24. Children Missing Education

- 24.1 A student going missing from education is a potential indicator of abuse or neglect. College and college staff members must follow the Doncaster safeguarding Children Board and LA procedures for children missing education and notify the APSW team in accordance with LA procedures.
- 24.2 The College will have contacts that are checked on a regular basis (several contacts are advised)
- 24.3 Students who are absent, abscond or go missing during the College day are vulnerable and at potential risk of abuse or neglect. College and College staff members should follow the College's procedures for dealing with students who are absent/ go missing, particularly on repeat occasions, to help identify the risk of abuse and neglect, including sexual abuse or exploitation and to help prevent the risks of their going missing in future.
- 24.4 We will comply with our statutory duty to inform the local authority of any student who falls within the reporting notification requirements outlined in Children Missing Education – Statutory guidance for local authorities (DfE September 2016).
- 24.5 Where student sexual exploitation, or the risk of it, is suspected, frontline practitioners should complete a cause for concern form and pass onto the designated member of staff for student protection or contact the Education CSE team contacts Carmel Bartlett / Jayne Pezzulo.
- 24.6 The DSL should complete the CSE checklist tool for partners and refer to the table at the end of the tool to help decide how to proceed a copy of the completed tool must be kept in the student's protection records for future reference.
- 24.7 If the student already has an allocated social worker, the DSL must contact them (or their team manager) to discuss any concerns about sexual exploitation.
- 24.8 A copy of the CSE checklist tool for partners can be obtained from:
<http://www.dscb.co.uk/sexual-exploitation>
- 24.9 We will ensure the college works in partnership with parents / carers and other agencies as appropriate. This includes facilitating return to home interviews as requested.

25. Gambling & Social Gaming

- 25.1 Young people need to be 18 years and over to legally gamble in casinos, high street bookmakers and in most cases on-line. However, there are certain categories of slot machines (such as those found in arcades, predominantly at Seaside resort towns) which have no age restriction. Similarly, young people wanting to buy National Lottery Scratch Cards or Lottery Tickets can do so at the age of 16 years. All these types of activities are classed as gambling and with the explosion of advertising and the presence of high street bookmakers, gaming is more prevalent in society today.
- 25.2 In addition to the above traditional forms of gambling; social gaming is hugely popular among young people. Social gaming has no age restriction and is predominantly accessed by young people via mobile phones or tablets in the form of a downloadable app (such as Candy Crush or Game of Thrones). These apps are free to download and play, but have countless opportunities for players to purchase (often with real cash) tools or tips to advance levels in such games. Though many young people do not experience harm, for some young people such games can be highly addictive and lead to (i) isolation and time lost to playing and (ii) financial pressure due to consistently purchasing tools to advance. If you notice or suspect students may be experiencing harm, here are some of the warning signs:
 - Be male and aged 13 – 18 years.
 - Use gambling to cultivate status among peers.
 - Fallen out with family, truant from college or college.
 - Low self-esteem, but irrational behaviour.

- Preoccupied on mobile, restless or irritable.
- Lies to family members, friends and college staff to conceal behaviour.
- Never has no money.

Advice or help can be accessed via:

- National Problem Gambling Helpline (0808 8020 133).
- Gamble Aware website (www.gambleaware.co.uk) – generic website offering advice.
- Inviting the Young Gamblers Education Trust (YGAM) in to college to talk to students or deliver workshops on gambling & social gaming as part of PSHE or college enrichment days.
- All the materials used by YGAM are PSHE quality assured and accredited by ASDAN.

26. Whistleblowing

- 26.1 We recognise that students cannot be expected to raise concerns in an environment where staff fail to do so.
- 26.2 All staff should be aware of their duty to raise concerns, where they exist, about the management of student protection, which may include the attitude or actions of colleagues. If it becomes necessary to consult outside the college, they should speak in the first instance, to the Lead Advisory Officer for Education Safeguarding or LADO following the Whistleblowing Policy.
- 26.3 Whistle-blowing re the Principal should be made to the Chair of the Board of Directors whose contact details are readily available to staff).
- 26.4 Ofsted also may wish the LA to investigate any whistleblowing concerns and the college will work with the LA should this arise
- 26.5 KCSIE details Ofsted and NSPCC as additional whistleblowing options.
- 26.6 <https://www.nspcc.org.uk/what-you-can-do/report-abuse/dedicated-helplines/whistleblowing-advice-line/>

27. Physical Intervention

- 27.1 We acknowledge that staff must only ever use physical intervention as a last resort, when a student is endangering him/herself or others, and that at all times it must be the minimal force necessary to prevent injury to another person.
- 27.2 Staff who are likely to need to use physical intervention will be appropriately trained in the Team Teach technique or equivalent training.
- 27.3 We understand that physical intervention of a nature which causes injury or distress to a student may be considered under student protection or disciplinary procedures.
- 27.4 The College understands how to report any injuries to staff to the health and safety team.
- 27.5 We recognise that touch is appropriate in the context of working with students, and all staff have been given 'Safe Practice' guidance to ensure they are clear about their professional boundary and a clear Code of Conduct is in place for all staff.
- 27.6 All staff are aware of the role of LADO and what constitutes a referral to LADO following any allegation of using force or restraint.

28. Anti-bullying/ Internet Safety/ Social Media

- 28.1 We adhere to DfE Statutory Guidance
https://www.gov.uk/government/uploads/system/uploads/attachment_data/file/623895/Preventing_and_tackling_bullying_advice.pdf - make sure this is the July update

- 28.2 Our college policy on anti-bullying is set out in a separate document and acknowledges that to allow or condone bullying may lead to consideration under student protection procedures. This includes all forms e.g. cyber, racist, homophobic, trans and gender related bullying.
- 28.3 We record all incidents of cyber bullying in accordance with DfE Statutory Guidance
- 28.4 https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/623895/Preventing_and_tackling_bullying_advice.pdf
We keep a record of known bullying incidents. All staff are aware that students with SEND and/or differences/perceived differences are more susceptible to being bullied/victims of student abuse.
- 28.5 Internet Safety/E-Safety – The college has an e-safety policy in place.
- 28.6 The conduct of staff/students/ parents/carers using social media are outlined in a separate social media policy (see revised LA policy September 2015)
- 28.7 Sexting – we include reporting of any sexual images within our policy.

29. Racist Incidents/Homophobic/ Trans-Phobic Language/Equality Act 2010 Protected Characteristics

- 29.1 Our policy on Equality, Inclusion and Diversity includes racist incidents and is set out separately It acknowledges that repeated racist incidents or a single serious incident may lead to consideration under student protection procedures. We keep a record of racist incidents and incidents reportable under the Equality Act 2010.
- 29.2 The DSL understands how to report Hate Crime.
- 29.3 The DSL understands how to support young people and families to access LGBTQ support through family and Youth Hubs. Young people requiring additional support may access CAMHS provision or College Nursing services. Any young person or families identifying as LGBTQ requiring additional support, or access to a youth group may contact: steve.tudberry@doncaster.gov.uk or dawn.lawrence@doncaster.gov.uk
- 29.4 The College curriculum reflects opportunity to explore difference and celebrate diversity and has resources listed on the Stonewall website.

30. Trans Young People

- 31.1 The DSL will liaise with the CAMHS named nurse to support, where needed any young person identifying as trans-gender and ensure the College acknowledges the voice of the student and ensures smooth and effective transition. The College follows National guidance and seeks professional advice.
<http://genderedintelligence.co.uk/>
A trans-gender inclusive toolkit is available to support colleges/academies.

Trans Inclusion
Toolkit for Schools Dr.

31. Human Trafficking

- 32.1 The Trafficking Protocol defines human trafficking as:
- the recruitment, transportation, transfer, harbouring or receipt of persons, by means of threat or use of force or other forms of coercion, of abduction, of fraud, of deception, of the abuse of power or of a position of vulnerability or of the giving or receiving of payments or benefits to achieve the consent of a person having control over another person, for the purpose of exploitation. Exploitation shall include, at a minimum, the exploitation of the prostitution of others or other forms of sexual exploitation, forced labour or services, slavery or practices similar to slavery, servitude or the removal, manipulation or implantation of organs;

- The consent of a victim of trafficking in persons to the intended exploitation set forth in sub-paragraph (a) of this article shall be irrelevant where any of the means set forth in subparagraph (a) have been used;
 - The recruitment, transportation, transfer, harbouring or receipt of a student for the purpose of exploitation shall be considered "trafficking in persons" even if this does not involve any of the means set forth in sub-paragraph (a) of this article;
 - "Child" shall mean any person under eighteen years of age. [14]
- 32.2 Staff are aware of potential signs, especially and will immediately report any concerns to the DSL lead. This may involve contacting 101, and the referral and response service or CSE team for advice.
- <http://doncasterscb.proceduresonline.com/>
<http://hopeforjustice.org/>

32. Preventing Radicalisation

- 33.1 Our College knows how to recognise and respond to any behaviour that could link to radicalisation/extremism. Our Children and Young Persons Police Officer – CYPO is the first point of contact any and staff or student’s behaviour that may point to radicalisation/extremism are discussed with the CYPO immediately. If CYPO is unavailable call 101. If travel abroad is suspected / immediate threat, staff are aware to call 999, one front door R&R service, and they also have access to the confidential anti-terrorist hotline on 0800789321.

33. Radicalisation

- 33.1 Radicalisation is defined as the process by which people come to support terrorism and violent extremism and, in some cases, to then participate in terrorist groups. The process of radicalisation is different for every individual and is a process, not a one-off event; it can take place over an extended period or within a very short time frame. It is important that staff can recognise possible signs and indicators of radicalisation.
- 33.2 Students may be vulnerable to exposure or involvement with groups or individuals who advocate violence to a political or ideological end.
- 33.3 Students can be drawn into violence or they can be exposed to the messages of extremist groups by many means. These can include family members or friends, direct contact with members, groups and organisations or, increasingly, through the internet, including through social media sites. This can put students at risk of being drawn into criminal activity and has the potential to cause significant harm.
- 33.4 Examples of extremist causes that have used violence to achieve their ends include animal rights, the far right (UK) and international terrorist organisations such as Al Qaeda and the Islamic State.

Potential indicators identified include:

- Use of inappropriate language
- Possession of violent extremist literature
- Changes in behaviour, language, clothing or appearance
- The expression of extremist views
- Advocating violent actions and means
- Association with known extremists
- Seeking to recruit others to an extremist ideology

34. Prevent

- 34.1 PREVENT is part of the UK’s counter terrorism strategy. It focusses on supporting and protecting vulnerable individuals who may be at risk of being exploited by radicalisers

- and subsequently drawn into terrorist related activity. PREVENT is not about race, religion or ethnicity, the programme is to prevent the exploitation of susceptible people.
- 34.2 **Responding to concerns** - If staff are concerned about a change in the behaviour of an individual or see something that concerns them (this could be a colleague) they should seek advice appropriately with the DSL who should contact the Local Authority Prevent Lead – Rachael Long on 01302 73469 for further advice or Education Lead – Sarah Stokoe 01302 736743.
- 34.3 Colleges are expected to assess the risk of students being drawn into terrorism, including support for extremist ideas that are part of terrorist ideology. This means being able to demonstrate both a general understanding of the risks affecting students in the area and a specific understanding of how to identify individual students who may be at risk of radicalisation and what to do to support them. The CYPOs and LA Prevent leads can advise and identify local referral pathways and Doncaster Channel Panel/Process.
- 34.4 Effective early help relies on all staff to be vigilant and aware of the nature of the risk for students, and what support may be available. Our college will ensure as a minimum that the Designated Safeguarding Lead undertakes Prevent awareness training and is able to provide advice and support to other members of staff on protecting students from the risk of radicalisation.
- 34.5 How to report on-line extremist material is available and visible in our college.
<https://www.gov.uk/report-terrorism>
- 34.6 All staff are aware of emergency plans.
- 34.7 Staff are aware of the PREVENT agenda and understand the Doncaster Channel Process.

35. FGM (Female Genital Mutilation)

35.1 Female Genital Mutilation: The Mandatory Reporting Duty

Section 5B of the Female Genital Mutilation Act 2003 (as inserted by section 74 of the Serious Crime Act 2015) places a statutory duty upon teachers, along with social workers and healthcare professionals, to report to the police where they discover FGM appears to have been carried out on a girl under 18.

- 35.2 It will be rare for teachers to see visual evidence, and they should not be examining students, but the same definition of what is meant by “to discover that an act of FGM appears to have been carried out” is used for all professionals to whom this mandatory reporting duty applies.
- 35.3 Under the mandatory reporting requirements teachers must personally report to the police cases where they discover that an act of FGM appears to have been carried out (either through disclosure by the victim or visual evidence) on a girl under 18. Those failing to report such cases will face disciplinary sanctions. Unless the teacher has a good reason not to, they should still consider and discuss any such case with the college’s designated safeguarding lead and involve social care as appropriate (KCSiE, September 2018).
- 35.4 The College recognises the areas where FGM is prevalent and works in partnership with agencies to safeguard any student at risk of FGM. The designated safeguarding lead understands this is classed as student abuse in the UK and will report any risk to 101 immediately. The College have access to DSCB training on FGM and the designated safeguarding lead includes FGM in whole-college safeguarding training. Any student attending/starting college from one of the most prevalent areas where this is practiced will seek advice from the referral and response service. A Department for Health risk assessment is available on engage Doncaster website.
- 35.5 All staff have read and understand the mandatory reporting included in ‘Keeping Children Safe in Education’, July 2018 – Part 1.
https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/737606/Keeping_children_safe_in_education_part_1_Sept_2018.pdf
- 35.6 Designated safeguarding leads understand local DSCB procedures for reporting suspected FGM.http://doncasterscb.proceduresonline.com/chapters/p_female_gen_mutilat.html
- 35.7 DSLS are aware of breast ironing/flattening practiced in some societies and will make appropriate referrals to safeguard students.
- 35.8 Online training is available for all staff <https://www.fgmelearning.co.uk/>

Our trained FGM Lead is Gail Stonier

36. Honour Based Violence

- 36.1 The police definition of Honour Based Violence is:
‘A crime or incident which has or may have been committed to protect or defend the honour of the family and or community’
- 36.2 Honour Based Violence is where a person is being punished by their family or community for actually, or allegedly undermining what they believe to be the correct code of behaviour. By not conforming it may be perceived that the person may have brought shame or dishonour on the family.

- 36.3 This type of violence can be distinguished from other forms of violence, as it is often committed with some degree of approval and/or collusion from the family and/or community.
- 36.4 Staff are fully aware of risks and how to report concerns to the DSL lead.

37. Forced Marriage

- 37.1 Forced Marriage is defined as ‘a marriage conducted without the valid consent of one or both parties, where duress is a factor’.
- 37.2 Duress involves emotional pressure as well as criminal actions such as an assault or abduction.
- 37.3 Forced marriage is domestic and/or student abuse. It may include physical or sexual violence, upskirting, threatening behaviour, stalking/harassment, imprisonment, abduction, financial control any other form of demeaning or humiliating behaviour or control.
- 37.4 A Forced Marriage is distinct from an Arranged Marriage, which is arranged by families, but the choice remains with the individuals who give full and free consent.
- 37.5 Other provisions include making the use of a deception to entice someone abroad so that they can be married against their will an offence and giving protection to those lacking mental capacity to make an informed decision about whether to marry or not.
- 37.6 Staff will report any concerns immediately to the DSL lead.

38. Private Fostering

38.1 Private Fostering – A Definition

A private fostering arrangement is essentially one that is made privately (that is to say without the involvement of the Authority) for the care of a child or young person under the age of 16 (under 18 if disabled) by someone other than a parent or close relative with the intention that it should last for 28 days or more. The period for which the student is cared for or accommodated by the private foster carer should be continuous, but that continuity is not broken by the occasional short break.

(National Minimum Standard for Private Fostering DFE 2005)

Think Private
Fostering.docx

- 38.2 All staff are aware of the Think Private Fostering flowchart and how to refer any cases to the DSL lead or the Private Fostering Co-ordinator. More information is on the website: <http://www.doncasterchildrenstrust.co.uk/private-fostering> OR to notify the DCST of a private fostering arrangement or proposed arrangement, contact the Referral & Response Team on: 01302 737033, OR for general advice call or send an email to Florence – Private Fostering Co-ordinator on: 01302 737789/07881 832134 or Florence-Jurua.Joseph@dcstrust.co.uk
- 38.3 **Domestic Violence and Abuse**
http://doncasterscb.proceduresonline.com/chapters/p_dom_viol_abuse.html
Staff recognise signs of domestic abuse and know how to refer concerns to the DSL lead. The early hub acts as a gatekeeper to all referrals and if at immediate risk the DSL will liaise with the referral and response service. All students have access to pastoral care when they need to talk.

39. Substance Misuse

- 39.1 College substances misuse policy incorporates the possession and or use of such drugs in college, during the College day or while travelling to/from College as inappropriate. The drugs/substances covered by this policy are not to be bought, sold or otherwise exchanged or brought onto college premises during the College day, or while students are on College visits. Individual exceptions may be made for students who require prescription medicines where appropriate. This policy should sets out the College's approach to NPS and volatile substances. Both students and staff should be aware of how these products are regarded and treated by the College.
- 39.2 Colleges should include evidenced based and quality marked drugs, alcohol and tobacco education as part of the PSHE curriculum, such as the Mentor ADEPIS resources and/or those quality assured by Doncaster Public Health and the PSHE association. Visit: mentor-adepis.org/ | pshe-association.org.uk/
- 39.3 For support on the above issues CONTACT PUBLIC HEALTH: publichealthenquiries@doncaster.gov.uk | Tel: 01302 734581

40. Hidden Harm

- 40.1 The Government's 'Hidden Harm' reports (ACMD 2003, 2007) revealed the large numbers of children across the UK living with parents who misuse drugs – an estimated 200,000.
- 40.2 For some of these vulnerable students, attendance at College provides a respite from difficult home circumstances. For others, the consequences of family substance misuse include poor attendance, lack of progress with their education and failure to develop the necessary social and behavioural skills. This can be particularly difficult for students if they are also taking on a carer role for parents or siblings. Students can "act out", through challenging behaviour, or "act in", through withdrawal or self-harming behaviours, the distress that they are experiencing due to difficulties at home.
- 40.3 The DSL will refer any concerns to the Early Help Hub and referral and response service and work with partner agencies and Project 3 so students in these circumstances can be responded to appropriately.
- 40.4 Families where parents/carers drink problematically, use illicit drugs or misuse prescribed medication can still provide a safe, secure and supportive family environment for students. However, for some families, drug and/or alcohol misuse can become the central focus of the adults' lives, feelings and social behaviour, and has the potential to impact on a student at every age from conception to adulthood. It is therefore essential that the implications for each student in the family are carefully assessed, see http://doncasterscb.proceduresonline.com/chapters/p_work_substance_misuse_parent.html

41. Procedure for Managing Allegations Against Staff, Carers and Volunteers

- 41.1 The College follows the agreed DCSB local procedures for Procedure for Allegations Against Staff, Carers and Volunteers
http://doncasterscb.proceduresonline.com/chapters/p_alleg_staff_vols.html
- 41.2 Procedures in the event of an allegation against a member of staff or person in college. Please also refer to the [DCSB LADO page](#)
- 41.3 These procedures must be followed in any case in which it is alleged that a member of staff, director, visiting professional or volunteer has:-
- behaved in a way that has harmed a student or may have harmed a student
 - possibly committed a criminal offence against or related to a student
 - behaved in a way that indicates s/he is unsuitable to work with students
- 41.4 Inappropriate behaviour by staff/volunteers could take the following forms:
- Physical includes, for example, intentional use of force as a punishment, slapping,

use of objects to hit with, throwing objects or rough physical handling.

- Emotional includes, for example, intimidation, belittling, scapegoating, sarcasm, lack of respect for student's rights, and attitudes which discriminate on the grounds of race, gender, disability or sexuality.
 - Sexual includes, for example, sexualised behaviour towards students, sexual harassment, sexual assault and rape.
 - Neglect: may include failing to act to protect a student, failing to seek medical attention or failure to carry out appropriate/proper risk assessment etc.
- 41.5 A safeguarding complaint that meets the above criteria must be reported to the Principal immediately. If the complaint involves the Principal, then the next most senior member of staff must be informed and the Chair of Directors. The Principal should carry out an urgent initial consideration to establish whether there is substance to the allegation. The Principal **should not** carry out the investigation himself or interview students. As part of this initial consideration, the Principal should consult with their College's HR Advisor/provider/contact who will then contact the Local Authority Designated Officer (LADO), **within one working day**.
- 41.6 A multi-agency strategy meeting may be arranged to look at the complaint in its widest context. The Principal /a senior member of College staff / Chair of Directors (where appropriate) must attend this meeting, which will be arranged by the LADO. All issues must be recorded, and the outcome reached must be noted to ensure closure.
- 41.7 In many cases it may be appropriate to provide further training and support to staff/volunteers and ensure that they are clear about the expectations for their conduct.
- 41.8 In more serious cases, allegations may be investigated under the formal disciplinary procedures and, where allegations are upheld, formal warnings issued as well as specific training and support. In cases where students may be at further risk and/or evidence/witnesses may be compromised and/or the allegations are so serious that they may, if upheld, constitute gross misconduct, suspension of the member of staff/volunteer may be appropriate and should be considered in line with the College's Disciplinary Policy.
- 41.9 Any staff/volunteers who are dismissed by the College for gross misconduct or cumulative misconduct relating to safeguarding of students will be referred to the DBS for consideration of barring. Similarly, where the College has a reasonable belief that the member of staff/volunteer would have been dismissed by the College had they been employed at the time of the conclusion of investigations will be referred to the DBS. The College will keep written records of all the above.
- 41.10 Where a staff member feels unable to raise an issue with their employer or feels that their genuine concerns are not being addressed, staff can contact any of the professionals named below, in addition to other whistleblowing channels which may be open to them.
- LADO Contact:** Jim Foy on 01302 737748

- 43.10 The Board of Directors are responsible for liaising with the Principal / Designated Staff over all matters regarding student protection issues. The role is strategic rather than operational – they will not be involved in concerns about individual students.
- 43.11 The nominated Safeguarding Director will support the designated safeguarding lead in their role from the perspective of ensuring the allocation of funding and resource is sufficient to meet the current safeguarding and student protection activity.
- 43.12 The DSL and named safeguarding Director are responsible for providing an annual report to the Board of Directors of student protection activity. The local authority annual review monitoring return for safeguarding should be sufficient as an annual report for directors.
- 43.13 The DSL must ensure that the annual review student protection monitoring submission is completed and returned in a timely manner to the local authority/LSCB. The return must be signed by the Chair of Director’s to confirm that it is an accurate reflection of the safeguarding arrangements of the College.

44. Training and Support

This includes: The College's student protection policy; the College's safer working practice document, the College's whistleblowing procedures and the DSL and their cover or nominated deputy.
- 44.2 We recognise the stressful and traumatic nature of student protection work. Staff may access union support and health and well-being advice.
