SPOTLIGHT

Sheffield is part of South Yorkshire, it is the UK's fourth biggest city and England's greenest city.

Its seven hills are full of people, businesses, research, cultural experiences and investors creating many unique employment opportunities.

SECTOR SPOTLIGHT

Business Services

Business services could be a great opportunity for starting a career within the business sector.

Opportunities are varied including availability into management, the IT services, financial services, co-ordination and business operations.

A career in business services will suit anyone who is ambitious and focused towards objectives. The sector is not exclusive and has opportunities at various different entry levels.

Top Sectors

These sectors employ the most people in Sheffield: **Health & Social Care / Technologies, Retail, Education and Advanced Manufacturing.**

Future Jobs

In the future, employers will need workers with the following skills: **technological, communication, creativity, reasoning and problem solving.**

Regional Employment

Small and medium-sized businesses are going to create most of the **new jobs** in the future. Don't forget to research employers of **all sizes!**

Sheffield has an international reputation as a city of makers. and is well known for its manufacturing excellence, research, sport, culture and outdoor adventure

With six hospitals, two universities and many public, civil and voluntary sector organisations, there are plenty of jobs in the city connected to supporting people and improving the city and the country.

Sheffield has changed beyond recognition in the last decade and is set to continue these improvements over the next ten years. The city

PROVIDER SPOTLIGHT

The Sheffield College is a further and higher education college that provides academic, vocational and professional qualifications to approximately 13,000 young people and adults a year. Our mission is transforming lives through learning.

The college, which is Ofsted graded 'good', provides high quality academic, technical and vocational training to enhance qualifications, skills and employability across the region, and operates from a number of campuses and sites across the city.

Where do people work?

Sector	Employed	Skills and qualities
 Health & Social Care / Technologies	42,000	Problem solving, attention to detail, communication, accuracy and creative thinking
