

# NCW Newsletter

This newsletter is a collation of all the opportunities we have heard from employers and further education, including a celebration of what is happening in college. Please use the links included to read more information and apply to anything you are interested in. Links are underlined.

Explore here what National Careers Week TV has to offer. Including several interviews with young people in a range of sectors, talking about their experience in the workplace!

The High Performance Podcast enables access to a wide range of entrepreneurs, athletes, visionaries and leaders from across the world.

All of it is **FREE!**

You can also share your thoughts and feedback by using the hashtag #HighPerformancePodcast.

## OUR PARTNERS

NCW partners with multiple organisations nationally and internationally, use the links to explore the businesses and what they can offer.

Countdown - NCW 2024 Virtual Careers Fair

Use the link above during National Careers Week to access the online virtual careers fair.

## NCW Parent Guide

National Careers week (NCW) is a great opportunity for parents to get familiar with routes their teens can take into the workplace. There are lots of different ways your teen can get on track for great career pathways, no matter how they learn best. In this guide we'll give you an overview of what's available for teens at 16, 18 years' old and beyond.

The Parents' Guide to is dedicated to supporting parents of teens. We provide a variety of resources for parents about choices teens face after GCSE and sixth form, as well as advice on health and wellbeing.

We specialise on parent needs through Years 10-13 as it's a time when teens face many important decisions and look to their parents for support.

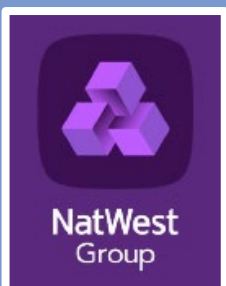

The WWF are hosting a series of live Q&As with some of the biggest names in industries across the UK.

You'll have the chance to hear what actions they're taking to be more sustainable in their role, pose the questions that matter to you, and submit your own ideas.

Our guests include: Tottenham Hotspur player Amy Turner; Sustainability Director at Depop, Justine Porterie; and co-founder of Wildfarmed Andy Cato.

There are FIVE online sessions to choose from so that you can pick the industries that spark your interest the most.
